- * Cycle instructors providing training
- * Find out how haulage companies are taking responsibility
- * Share your experiences travelling the Oxford Road corridor
- * Bike check ups
- * Driving simulator experience
- * Car crash story board
- * Learn potentially life-saving techniques if in a collision
- * Chat to Manchester cycle and walking groups
- * Cycle VR simulator experience

Speaker bios

Simon Warburton, Transport Strategy Director, TfGM

Simon Warburton is the Transport Strategy Director at TfGM, leading on the development of the forward transport policy, investment and funding strategy that will support the city region's ambitious growth programme and dovetail with major national interventions, including the Greater Manchester HS2 / Northern Powerhouse Rail Growth Strategy and the forthcoming Clean Air Plan.

Chris Boardman MBE, Cycling and Walking Commissioner for Greater Manchester

Chris Boardman was appointed as Greater Manchester's first ever Cycling and Walking Commissioner in July 2017 by Mayor Andy Burnham. His report 'Made to Move', published in December 2017, set out a 15 step plan to transform how people get around in the city region.

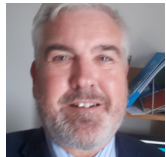

Derek Rees, CEO of SECBE and Project Director of CLOCS

Derek is passionate about driving positive change across the UK construction sector through promoting and using collaboration, innovation and inspiration to bring organisations together to address a shared challenge. As Project Director, Derek leads the team in ensuring CLOCS provides the best guidance, support and insight to help CLOCS Champions save lives, money and protect reputations.

Rebecca Dewey, RTPI

Rebecca has worked as a planner for over 10 years and is a Chartered member. She is currently working in the private consultancy sector, but has worked for a national housebuilder developing tall buildings - dealing with the challenges of construction safety. Rebecca is a regional volunteer for the Royal Town Planning Institute and sits on the Regional Management Board, as the General Assembly representative.

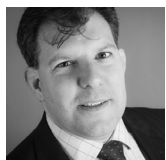

Robin Close, Construction Logistics Manager, City of London Corporation

Robin has over 40 years' experience within the Civil Engineering industry, working with major UK contractors, consultants and Local Authorities. Much of his experience involves highway design and site supervision, and reviewing the safety of designs and completed projects as a Road Safety Auditor.

Martin Blake, Principal Estates and Facilities H&S Manager, The University of Manchester

An experienced Chartered Safety Practitioner and Risk Educator, Martin has held senior positions in occupational safety and health for both the City and University of Manchester over the past 25 years. His experience in risk education at the national and regional level spans drowning prevention strategies to championing a reduction in work related road risk.

Martin Ballard, Group Environment Manager, Willmott Dixon

Martin joined Willmott Dixon in Nov 2011 and represents their commitment as a CLOCS Champion and Partner of the Considerate Constructors' Scheme. Working with the Group's SHE team, Martin is responsible for assurance of the Group's environmental compliance and promotion of environmental improvements for risk mitigation.

Richard Burnham, Compliance Manager, Murphy Plant Limited

Richard is the Compliance Manager for Murphy Plant Limited, part of J Murphy and Sons, a world class infrastructure company operating throughout the UK and Eire. Richard is currently responsible for managing compliance with Murphy Plant Limited for its logistics and plant hire operations.
