Community Safety

CLOCS Champions

Ensuring the safest construction vehicle journeys

Every working day, 2 people are killed or seriously injured in collisions with HGVs.

Become a CLOCS Champion to demonstrate your organisation's commitment to:

- zero collisions between construction vehicles and the community
- improved air quality and reduced emissions
- reduced vehicle journeys
- reduced reputational risk

Ensuring the safest vehicle journeys:

CLOCS Champions across the UK are already making great progress.

Join them:

Become a CLOCS Champions today at clocs.org.uk

Demonstrate leadership and future-proof your business

Being a CLOCS Champion puts your organisation at the forefront of industry action to promote safer construction journeys.

As the strategy of the CLOCS programme increasingly focuses on planning and procurement to drive the right behaviours and commercial conditions, early adopters will be 'future-proofed' as the requirements of the CLOCS Standard become 'business as usual'.

CLOCS Champion member benefits:

- ✓ support to develop a corporate CLOCS 'Implementation Plan'
- ✓ coaching to accelerate progression towards your goals
- ✓ an online account to monitor engagement and performance across your organisation
- ✓ right to apply to join the CLOCS Working Group, providing early insights, influence and a platform to share good practice
- ✓ guidance and tools to aid effective and efficient implementation of CLOCS
- ✓ tickets for the annual conference or regional events
- ✓ use of the CLOCS logo on websites, marketing material, hoardings, clothing etc

What will it cost?

The annual fee for an organisation to be a CLOCS Champion is £600 per annum.
